### **DERMATOLOGY**

Dr. Giraldo has extensive training and experience and provides a number of dermatology services and procedures. He regularly attends dermatology conferences about skin procedures and skin cancer.

**Medical dermatology** services include the evaluation of rashes, acne, rosacea, poison ivy, contact dermatitis, eczema, atopic dermatitis, fungal infections, scabies, shingles, psoriasis, molluscum, nail disorders, moles, actinic keratosis, skin cancer screenings and many others.

**Dermatology procedures** including skin biopsies, skin cancer removals, benign skin lesion removals, mole removals, skin laceration repair, minimal incision removal of cysts/lipomas, cryosurgery (liquid nitrogen), electrosurgery and common and genital wart destruction.

**Radiofrequency surgery** for diagnostic, therapeutic and cosmetic removal of skin lesions.

### **MUSCULO- SKELETAL DISORDERS**

**Cortisone injections** of painful joints, tendonitis, bursitis and heel spurs. Synovial fluid analysis for the diagnosis of arthritic conditions, infections and gout.

### **IN-OFFICE SERVICES:**

In addition to medical evaluation and treatment, we also offer the following services in our office. These include:

- blood and urine laboratory testing
- Pre surgical evaluation
- EKGs
- 24 hour cardiac Holter monitoring
- Pulmonary function testing
- Anticouagulation (blood thinner) monitoring
- Glucose meter education
- Diabetes testing of HA1c
- Blood pressure and cholesterol measurement
- PPD testing

- Immunization review and administration
- Helicobacter pylori testing for gastric ulcers
- Pap smears and gynecological exams
- Ear lavage
- Prostate exam and screening with PSA measurements
- Suture removal

#### **OTHER DIAGNOSTIC SERVICES:**

Other services are available locally through Resurrection HealthCare and other health care centers. These include radiology services, stress tests, echocardiograms, pulmonary function testing, angiograms, CT and MRI scans, DEXA bone density scans, mammograms, colonoscopy and others. We also have excellent referral sources to multi specialty groups.
